MOOSE HOME.

Organization Completed to Take Over Property for Their Use.

The incorporators of the Willimantic Moose club, the organization which will take over the Tracy property on Pleasant street, to be used by the local lodge of Moose as a home, held a meeting Tuesday night at which officers were elected and other matters relating to the organization of the club were acted upon. The committee consisted of Frank P. Fenton, Dr. W. K. Fanta, W. N. Bowen, Frank H. Foss, and was appointed to take the title of the property and do all other things incidental thereto.

The officers were elected as follows: President, Frank P. Fenton; vice president, William A. Dresler; secretary,

Dr. W. K. Fanta; treasurer, W. N. Bowen; directors for one year, F. H. Foss, William Roberts, William Knox, Adolph Obermayer, J. N. Gilman; directors for two years, F. L. Cardinal, D. T. Connors, William R. Fiddle, William N. Anthony and Samuel Johnson.

W. H. M. S. MEETING.

Held at Campground with Sixty-one Delegates Attending.

The twenty-fourth annual meeting of the Woman's Home Missionary society of the Norwich district was held Tuesday at the Niantic house, Willimantic camp grounds. There were sixty-one delegates, and a very good attendance.

A business session was held in the morning, at which reports were heard from the officers, and from eleven of the auxiliaries in this district, and pledges for the work of the coming year were made. The reports showed a gratifying increase over the previous year in the case of Willimantic and the majority of the auxiliaries and the pledges met with an encouraging response.

The officers were reelected, with the exception of one of the committee chairman, whose place was not filled at the meeting.

A basket lunch was enjoyed at the camp grounds, and being furnished by the Niantic house. In the afternoon those present listened to an interesting talk by Mrs. J. C. Taylor on her visit to the schools in Porto

Rico, also to an address by Mrs. Buck, convention president, on Another Year in Progress. Conditions seem very favorable for a banner year in the work of the organization.

FOURTH OF JULY CELEBRATION.
Being Planned by Directors of the American Thread Mill League.

At a meeting of the directors of the American Thread Mill league, held this week, plans were laid for a Fourth of July celebration, including morning and afternoon ball games, a clambake, athletic sports, a band concert and possibly fireworks. An invitation has been extended to the Willimantic Civic society to participate and it is probable that they will do so, at least to the extent of aiding financially.

The Willimantic Independents will have the use of the grounds of the league in the morning, with some fast out of town team, possibly the Newfields of Bridgeport, as their opponents. In the afternoon the Emeralds will play their opponents being the Pioneers of New Britain, one of the few teams which defeated them last year, if the game can be arranged. The athletic sports will be held from noon until 5 o'clock. The band concert will be held at the same time on the grounds, and preceded by a short parade in the morning at 10:30. The Willimantic American band will be engaged, and will possibly give another concert in the evening.

The clambake will be served at noon and during the afternoon, so that there will be plenty of things doing for the day, even if the fireworks do not materialize.

Leaves Norwich Hospital.
George P. Walker, who has been undergoing medical treatment at hospital in Norwich, has been released from the institution and is visiting with relatives in Massachusetts. He will return shortly to look after his interests in this city.

Attended Circus at Norwich.

Many people went from this city by trolley and auto to see the Big circus in Norwich Tuesday. It is some time since a big show played here, and it is easy guessing that one would pull a large crowd on its appearance.

Cane Carved by Indian.
J. N. Gilman, who has been confined to his house for some weeks, is out and receiving visitors. He has carved a cane in this city 28 years ago by an Indian, which is a representation of Biblical events. A snake is carved in a spiral from the base to the head of the cane, and represents the serpent while the head is formerly the apple eaten in the Garden of Eden. This, however, has been replaced by another figure. Then, going down on the cane, come Adam and

Everybody needs it, of course.

Everybody is going to need it more in the future, too, when the earning capacity is less than during youth or middle-age.

The best way to be sure to have some THEN is to save a little NOW—a little at a time, but that little often.
